A horizontal banner advertisement with a teal background. On the left, the text reads "CRISPR and RNAi Genetic Screening. Your new superpower." in white. In the center, there is a white rectangular button with the text "LEARN MORE". On the right, there is a photograph of a woman wearing a red superhero mask and a red cape over a white top. To the right of the photo is the Cellecta logo, which consists of a green, multi-lobed molecular structure, and the word "CELLECTA" in white capital letters below it.

Errata

Genome Research 19: 1742–1751 (2009)**Chromatin poises miRNA- and protein-coding genes for expression**

Artem Barski, Raja Jothi, Suresh Cuddapah, Kairong Cui, Tae-Young Roh, Dustin E. Schones, and Keji Zhao

Several errors in equations appear on page 1749 in the section MicroRNA Promoter Prediction. The corrected equations are provided below:

For Pol II, the tag density profile at position i is given by

$$S(i) = \frac{1}{h} \sum_{j=i-3h}^{i+3h} K[(i-j)/h].C(j+75).$$

For H3K4me3 and H2A.Z, the tag density profiles at position i are given by

$$S(i) = \frac{1}{h} \sum_{j=i-3h}^{i+3h} K[(i-j)/h].C(j+125)$$

and

$$S(i) = \frac{1}{h} \sum_{j=i-3h}^{i+3h} K[(i-j)/h].C(j),$$

respectively.

The authors apologize for any confusion this may have caused.

Genome Research 15: 1746–1758 (2005)**Comparing the human and chimpanzee genomes: Searching for needles in a haystack**

Ajit Varki and Tasha K. Altheide

The URL in the last line of the footnote to Table 1 on page 1747 has been changed. The correct URL should now read:

<http://carta.anthropogeny.org/moca/about>.
