---

A horizontal banner advertisement with a teal background. On the left, the text "CRISPR and RNAi Genetic Screening. Your new superpower." is written in white. In the center, there is a white-bordered box containing the words "LEARN MORE" in black. On the right, there is a photograph of a woman wearing a red superhero mask and a red cape over a white top. To the right of the photo is the Cellecta logo, which consists of a green, multi-lobed molecular structure and the word "CELLECTA" in white capital letters.
