A promotional banner for Cellecta's CRISPR and RNAi Genetic Screening. The background is a teal color. On the left, the text reads 'CRISPR and RNAi Genetic Screening. Your new superpower.' in white. In the center, there is a white rectangular button with the text 'LEARN MORE'. On the right, there is a photograph of a woman wearing a red superhero mask and a red cape over a white shirt. To the right of the photo is the Cellecta logo, a green molecular structure, and the word 'CELLECTA' in white capital letters.

Masquerading Repeats: Paralogous Pitfalls of the Human Genome

Evan E. Eichler

The following acknowledgments were unintentionally omitted in the preparation of the manuscript: This work was supported in part by a Howard Hughes Medical Institute grant to Case Western Reserve University and a National Science Foundation grant (DEB98-06913) to E.E.E. I thank Juliann Horvath and Jeff Bailey for their assistance in sequence analysis and database searches, respectively. I am grateful to Drs. Aravinda Chakravarti, Robert Nicholls, and Heather McDermid for helpful suggestions in the preparation of this manuscript.

Also, within the legend to Figure 2, the term intergenic should have been used instead of intronic.

The author regrets these errors.
