A promotional banner for Cellecta's CRISPR and RNAi Genetic Screening. The background is a teal color. On the left, the text reads 'CRISPR and RNAi Genetic Screening. Your new superpower.' in white. In the center, there is a white rectangular button with the text 'LEARN MORE'. On the right, there is a photograph of a woman wearing a red and white superhero costume with a red mask. To her right is the Cellecta logo, which consists of a green molecular structure and the word 'CELLECTA' in white capital letters.

Several errors appear in the above manuscript. The affiliations for the authors are correct as they appear above. Two of the probes described in the paper were incorrect. Probes pXP137 and pXP224 should have been pXP095 and pXP271, respectively. On p. 486, the reference by Reinisch et al. 1994 should have been Wendel et al. 1995. In two places, on p. 487 and p. 489, unpublished material was attributed to H.J. Paterson and S. Johnston. The correct attribution is H.J. Price and S. Johnston.
